

Birch Woodland Scene - Photo to Fabric - Full Day

INSTRUCTOR - Doris Deutmeyer

Do you have a favorite woodland photo you would love to recreate in fabric? In this class you will develop the skills to design a raw edge woodland landscape from a photo. First, you will learn the basics of how to compose a great photo; then, how to translate your photo into fabric. You will also learn how to use Copic markers to add stunning realistic details. Using Doris' own photos and fabric you will complete an original birch woodland landscape ready to quilt or frame. Finished size 16" x 20"
